Re: Route Schedule adjustments

Please note that some routes for your school will be adjusted **effective January 22, 2018** in order to remain compliant with UARB Regulations. Changes made may involve a reduction of bus stops, time schedule changes and/or route number changes.

Attached is a list of only the routes that have been adjusted for your school, indicating the stop location and the scheduled time for that stop. If a route is not on this list, there should be no changes to the current schedule for that route. This information is also available at www.stockhalifax.com
